CAREER SUMMARY:

Passionate and results-driven Full Stack Web Developer with strong frontend and backend skills, seeking an opportunity to contribute to impactful projects. Proficient in building responsive, user-centric web applications using HTML, CSS, JavaScript, PHP, MySQL, and modern frameworks. Eager to collaborate, learn, and innovate in a dynamic tech environment.

WORK EXPERIENCE:

Codetech IT Solutions
Frontend Web Developer (Intern)| Feb 2025 – March 2025
- Developed responsive and interactive web pages using HTML5, CSS3, JavaScript, and Bootstrap.
- Collaborated with backend teams to integrate APIs and ensure smooth data rendering.
- Implemented modern UI components and optimized websites for performance and mobile compatibility.
- Gained hands-on experience in cross-browser compatibility, debugging, and version control with Git.

Codeon technologies Pvt Ltd
UI/UX Designer & Web Developer (Intern)| June 2023 – November 2023
- Designed user interfaces and wireframes using Figma and Adobe XD for web and mobile platforms.
- Conducted user research and created interactive prototypes to enhance user experience.
- Contributed to frontend development using HTML, CSS, JavaScript, and ensured WCAG-compliant accessibility.
- Collaborated closely with developers and clients to translate design into fully functional websites

RELEVANT PROJECTS:

TravelGo – Travel Booking Website | GitHub repo:https://github.com/suseela-ramappa/travelgo
- Built a responsive travel booking platform that reduced bounce rates by 30% through intuitive UI/UX design
- Developed a fully responsive travel booking platform featuring dynamic tour listings, search and filter functionality, user and admin dashboards
- Designed intuitive UI/UX with Figma and Adobe XD, focusing on accessibility, mobile-first design, and smooth user flows.
- Implemented frontend with HTML, CSS, JavaScript, and backend with PHP and MySQL for seamless booking experience.

E-Learn –E-Learning Platform | GitHub repo:https://github.com/suseela-ramappa/e-learn
- Developed a learning platform used by 100+ users with quiz scoring and progress tracking features.
- featuring user authentication, course panels, and multi-level quizzes with timers
- Implemented detailed quiz system with levels per subject, scoring, and timed tests to enhance user learning and engagement.
- Built pages for Contact and About Us, ensuring seamless navigation and consistent UI/UX design.
- Created admin and user dashboards for managing courses, quizzes, and user progress using PHP, MySQL, HTML, CSS, and JavaScript
